Now you can hand
your customers
more than just a bill.

Introducing the Pro and Pro Series Plus Mileage Guarantee Certificate Program from Continental

Continental has always been at the forefront of automotive belt technology and quality. So, it's fitting that we offer a mileage guarantee on our Pro and Pro Series Plus Timing Kits. But the best part for service technicians like you is that every Pro and Pro Series Plus Kit now comes with a Guarantee Certificate that you can pass along to your customers as a viable representation of not just the quality of our kit - but also the quality of your work and trustworthiness. A Guarantee Certificate for the kit is included in this brochure.

Here's how to use it:

1. Carefully detach the 90,000 Mile* Guarantee Certificate from this brochure.
2. Fill in all fields.
(Make & Model, Year of Vehicle, etc.)
3. Present certificate to customer with invoice.
4. Please visit www.continental-engineparts.com/registerkit to register the vehicle's VIN number for each Pro or Pro Series Plus Kit you install.

* Replacement guarantee equal to the original vehicle manufacturer's recommended replacement interval up to 90,000 miles. Amount of mileage coverage varies by vehicle make, model and year.

Other Continental Products

These products are not included in the 90,000 Mile Guarantee Program

With Original Equipment approvals for many American, Asian and European auto manufacturers, and a strong commitment to product development, Continental brand automotive belts are unrivaled in fit, form and function. This means fewer callbacks and complaints for you.

For quality and dependability that will keep your customers driving safely, ask your preferred parts distributor for Continental belts and kits by name.

Here's what makes Continental the right choice:

- **Timing Belts** - Our program includes coverage for a wide range of early to late model applications.
- **Timing Belt Kits** - Our kits contain an OE-quality timing belt plus all required tensioners or idlers. And, we offer the best coverage available in the market.
- **Multi V-Belts** - With extended service life intervals, our serpentine belts are truly worry-free.
